

# Fortify your financials.

## *Insider tips for business fraud prevention.*

Don't miss this exclusive, invite-only panel discussion about fraud, and learn about how business owners and executives like you can safeguard what you've worked hard to build. Top professionals in the field—including a representative from the Indiana State Police and a cybersecurity professional—will share their insights and expert advice so you can protect your business from fraud and stay safe.

### *Topics covered include:*

- Personal and commercial fraud
- The cost of fraud in the industry
- The impact of fraud on clients
- Fraud prevention best practices
- How an Everwise client navigated business fraud

# Fortify your financials.
